

The Ring 96, Victor Cohn, Magic Estate Sale (Episode 8)

Want to learn some new magic? Want to buy some new magic? Victor Cohn, a long time member and good friend to Ring 96 has left his magic collection for us to sell. The money brought in from these sales will be split in half between Ring 96 and a kids Summer Camp that Victor liked to support. The share that Ring 96 keeps will help offset our monetary reserve which is dwindling since we are not taking in the cash flow from the raffle that we usually do. So, anything you purchase here will help support your club.

To make a purchase, e-mail Ring Secretary Cliff Gerstman at cliffg37@verizon.net The "winner" of the item will be either the first one to make the request or, if you really love Ring 96, the highest bidder.

Most if not all of these items, and those to be posted in the future, are too big, or too heavy or too expensive to mail, so we will have to meet either at my house in Long Beach, or at an agreed upon location. I will be wearing a mask, please do the same.

Payment options: **Prefer checks made out to "Ring 96."** If that does not work for you, we can talk.

Mexican Rope DX \$30

Magician displays a very long straight rope and ties both the ends to make a big loop. With a magical gesture, he pulls each end of the rope... 4 knots magically appear in between the two ends.

Once again, he makes a magical gesture and unties 4 knots.... WOW.

The very long straight rope now transforms into 5 separate looped ropes that are not even connected to each other.

The ropes are examinable. DVD included.

Dick Barry's Renaissance Rope \$30 (discontinued)

You are seen holding 2 short pieces of rope. Suddenly in a flash the 2 pieces of rope are magically seen tied together with a knot.

You say, "It would be a better trick if that knot wasn't there!"

After saying this the knot pops off the rope and you end up with ONE SOLID PIECE OF ROPE THAT CAN BE HANDED OUT FOR EXAMINATION.

\$15 Daryl's Rainbow Ropes

This is Daryl's unique and humorous handling for a beautiful effect. Three different colored pieces of rope are shown and openly tied together.

Amazingly, the *knots melt away*, transforming the pieces into **one long three-colored Rainbow Rope!** You finish clean and everything can be thoroughly examined!

Daryl's Acrobatic Knot \$25

This incredible routine begins when a white knot jumps from a white rope onto a red rope. You further amaze your audience by sliding that knot completely off then visibly tossing it back onto the red rope. For a mind-boggling finish, the knot

dissolves right in front of their eyes and becomes a permanently blended white section of the red rope!

Dean Dill's Believe it or Knot \$35

Here's a fun off-beat rope effect: The magician causes a loop in a rope to turn into a square which he then slides off the rope. The magician does this a second time but this time he links the two squares together.

Wow 2

\$20

Wow 2.0 is THE most visible and amazing card change ever. It happens slowly and right before your eyes. Wow 2.0 is hailed by magicians around the world as one of the most amazing card effects they have ever seen. This looks like trick photography but happens right before their eyes.

A card is selected, signed, and lost in the deck. A random card is removed and fails to be the chosen card. This random card is inserted in a plastic sleeve to isolate it and avoid any chance of "tricky sleight of hand." The card SLOWLY and VISIBLY changes to the signed selection.

You will be blown away by how amazing this looks. After seeing this trick, Lance Burton simply said, "WOW!" He was at a loss for words, thus the name.

Ring on a Rope

as a Svengali Deck, but with a diverse catalog of applications!

Gimmicked Coin Assembly \$20

Alpha Deck \$30

The Alpha Deck is a SELF-WORKING, 3-phase miracle...with an ending which will blow your audience away.

Here is the effect: The deck is divided in two. The performer touches any card in his half. The spectator touches any card in their half. When the cards are turned over, they are a PERFECT match - 2 RED ACES! Even though everyone is now watching like a hawk, you repeat exactly the same actions again..

Miraculously, THE CARDS MATCH AGAIN! This time it's the 2 BLACK ACES!

Then, you explain that they couldn't have chosen any other card because there are none! When you spread the rest of the deck, EVERY single card is seen to be blank. Every blank card can be fully examined and there is nothing for your spectator to find!
