

The Ring 96, Victor Cohn, Magic Estate Sale (Episode 12)

Want to learn some new magic? Want to buy some new magic? Victor Cohn, a long time member and good friend to Ring 96 has left his magic collection for us to sell. The money brought in from these sales will be split in half between Ring 96 and a kids Summer Camp that Victor liked to support. The share that Ring 96 keeps will help offset our monetary reserve which is dwindling since we are not taking in the cash flow from the raffle that we usually do. So, anything you purchase here will help support your club.

To make a purchase, e-mail Ring Secretary Cliff Gerstman at cliffg37@verizon.net The "winner" of the item will be either the first one to make the request or, if you really love Ring 96, the highest bidder.

Most if not all of these items, and those to be posted in the future, are too big, or too heavy or too expensive to mail, so we will have to meet either at my house in Long Beach, or at an agreed upon location. I will be wearing a mask, please do the same.

Payment options: **Prefer checks made out to "Ring 96."** If that does not work for you, we can talk.

Remove one of them and give it to another kid to hold, tell them that you are now going to teleport all the pencils from one side to another, wave your hand over the pencils and they will vanish in a blink of an eye! Now open the other box to show that all the pencils have travel, but not the one the kid was holding, grab it and place it inside to complete the 12 pencils box.

\$5 Paul Richards Truth

Imagine seeing through a lie and always knowing....the Truth. The spectator is given a free choice of two colored chips. They choose one and drop it into a black bag, then the second chip is also placed inside. Only the spectator knows the color of the chosen chip. The magician NEVER sees the chips as they are placed into the bag. The chips are legitimately mixed by both the magician and the spectator. The spectator tries to mislead the magician as to what color was selected. But each time the magician knows the Truth.

The Justice Pad \$30

A 6" x 4", spiral-bound note pad is given to your spectator. While you look away, the spectator writes any number and then tears the page out. The paper is folded several times and the pad is closed. This is all done while you are still looking away. Under these circumstances, with ZERO questions of ANY kind, you can instantly reveal the number, with no re-opening of the pad. The method is just brilliant, - straight out of Charlie's strolling repertoire.

Remember - any number, any word, any language, any symbol or picture.

IT GETS BETTER!. The pad is re-set and ready to go again, - right in front of your audience in less than 2 seconds!
